MEMORANDUM FOR THE HONORABLE GEORGE P. SHULTZ
The Secretary of State

SUBJECT: Operations in the Vicinity of Libya (U)

Secretary Weinberger has forwarded his "stair-step" plan for increasing U.S. military presence in the vicinity of Libya (attached). Request that the plan be reviewed by the interagency group addressing U.S. policy toward Libya and that recommendations be made to the SIG. (TS)

As I noted in my August 17, 1982 memo* on this subject, there appears to be little distinction between sensitive and non-sensitive U.S. military exercises or operations in the vicinity of Libya. The adoption of a "stair-step" approach serves to further blur any distinction between normal activity and sensitive operations requiring NSC consideration. Request that this issue be included in the interagency review. (TS)

Because of the extreme sensitivity of this issue, it should be handled on a strict need-to-know basis. (U)
